How to build

The Skinny

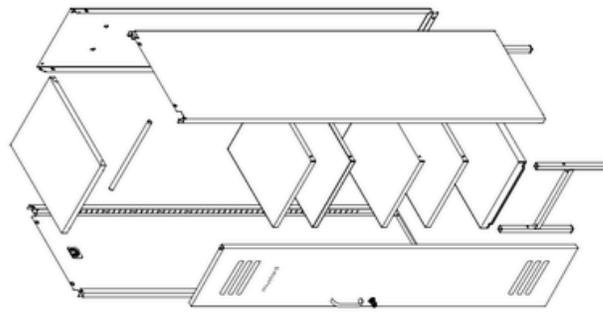

We've designed our lockers to be beautifully simple to put together. All you need is one crosshead screwdriver for the handles, and the rest just slots into place.

Watch our helpful how-to videos where we take you through the build step by step.

- 16 x brackets (2 each)
- 1 x post
- 1 x large washer
- 1 x L-shape post
- 2 x screws
- 1 x keyring
- 2 x small washers
- 1 x handle
- 1 x set of keys

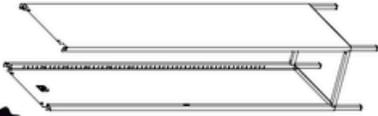

1

Stand both legs up + push the side panel down onto the legs.

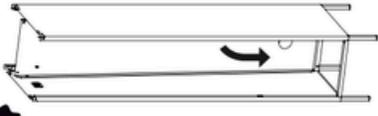

TIP: make sure the holes in the legs are nearest to the front.

2

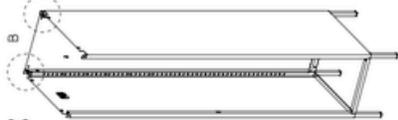

Push the second side panel down onto the legs.

3

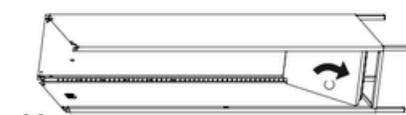

Push the back panel into place, starting at the bottom.

4

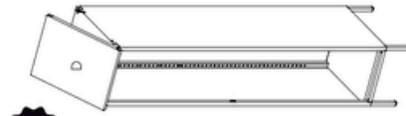

Fold down the tabs on the corners of the back panel.

5

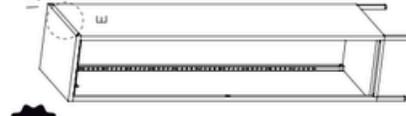

Add the base, starting at the front. Push the base down into place.

6

Add the top panel starting at the front. (You might need an extra pair of hands for this bit)

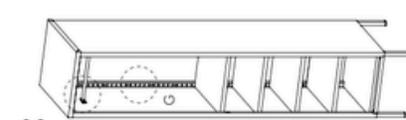

7

Check from all angles that the side + back panels are slotted in correctly.

Click the top into place.

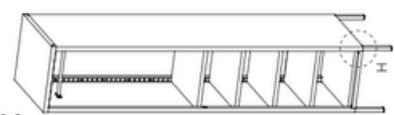

8

Insert the rail + pull down to click in.

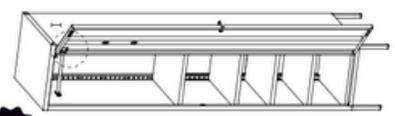

Add the brackets + place the shelves on top. Use the round holes to help you measure the height.

9

Insert the post + large washer in the hole in the leg.

10

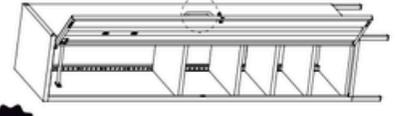

Slide door onto the post.

At the top of the door, insert the L-shape post up into position through the holes.

Push the tab up. This holds the door in place.

11

Grab your screwdriver.

Use your screwdriver to attach the handle with the small screws + small washers.

12

Vippee! High Five! Now your lockers are all done, you can fill it with things.

P.S. pop the spare key in a safe spot just in case.
